Re: Approval of the Targeted Employment Area

Dear Ms. Hansen:

The Department of Housing and Community Development (Department) received an application, dated June 1, 2009, requesting the approval of a Targeted Employment Area (TEA) for the Yuba-Sutter Enterprise Zone.

Based on the information provided, the Department has awarded a TEA to the Yuba-Sutter Enterprise Zone. The approved census tracts are listed in the Appendix. The effective date for the TEA is retroactive to October 15, 2006.

The Targeted Employment Area will remain in effect until 180 days of the updated census data becomes available, at which time each local governmental entity of each city and county that has jurisdiction in the enterprise zone shall approve a new TEA.

If you have questions, please call Rebecca Matt at (916) 324-6754.

Sincerely,

Frank Luera
Section Chief
